Graceful Geometry and Polished Perfection in the JADO Pyke Collection Brings a Touch of Sculptural Art to the World of Luxury Lavatory Faucets

Beautiful Faucets, Tub Filler, and Hand Shower Share Bold Lines and a Stately Elegance that Demand to Be Noticed

LAS VEGAS, HD EXPO (May 15, 2013) — Marked by distinctive geometric lines and strong sculptural profiles, the luxury lavatory faucets and accessories in the [JADO Pyke Collection](#) bring the power and beauty of art to whatever setting they grace.

Blending attention-grabbing aesthetics with fine craftsmanship and durable construction, Pyke faucets offer such JADO hallmarks as superior performance, carefully considered ergonomics, time-tested reliability, and environmentally-aware water efficiency.

[Pyke](#) is a comprehensive collection of faucets and accessories that allows for an integrated bathroom look and is ideal for contemporary or transitional applications. Models include widespread, monoblock, and vessel lavatory faucets; a deck-mount tub filler; a tub/shower set; a personal hand-shower set; and matching accessories such as a towel bar, towel ring, tissue holder, and robe hook.

This monoblock lavatory faucet in the JADO Pyke Collection offers distinctive geometric lines and a strong sculptural profile, along with superior performance and environmentally friendly water efficiency.

- more -

All Pyke models are available in polished chrome, brushed nickel, or platinum nickel – durable, hand-buffed signature finishes that coordinate with other JADO Luxury Bath Collection offerings.

All faucets in the Pyke Collection are water efficient, meeting the rigorous WaterSense-certification standards of the U.S. Environmental Protection Agency (EPA), requiring a maximum flow rate of 1.5 gallons per minute (gpm). They incorporate pressure-compensating aerators that provide 32 percent water savings over standard models without sacrificing performance.

Pyke lavatory faucets feature the JADO exclusive Luxury Speed Connect drain, an innovative technology that radically simplifies drain

All lavatory faucets in the Pyke Collection from JADO, including this widespread faucet style, are WaterSense-certified for providing 32 percent water savings over standard models without compromising performance.

The JADO Pyke Collection of luxury lavatory faucets, including the monoblock style shown here, incorporates ceramic disc valve cartridges and high-quality cast brass construction for a lifetime of drip-free performance and durability.

installation. Plus, the Speed Connect drain plunger features a large European-style cap that attractively covers the flange of the drain.

The Pyke faucets incorporate ceramic disc valve cartridges, ensuring a lifetime of drip-free performance as well as distinctly smooth handle control. In addition, the faucet spouts and bodies are made of high-quality cast brass for the utmost durability.
