FOR IMMEDIATE RELEASE

Kirkdale Bath Faucet Collection Showcases Distinctive Styling from American Standard

Elegant Shapes, Soaring Curves Discern Sink and Shower Faucets;
Water-Saving Models Provide Smooth Performance and Simplified Installation

PISCATAWAY, N.J. (May 25, 2016) — Characterized by a graceful and stately point of view, the [Kirkdale bathroom faucet and accessory collection](#) from American Standard delivers durable, quality construction and superb performance. This complete assortment of striking bathroom sink and bathtub faucets, plus a large-face shower head, offers a variety of unique features making them easy to install, while providing impressive water savings and beauty that lasts.

Offering a selection of handsome faucets to suit multiple bathroom sink styles, this new range includes [single handle](#), [4-inch centerset](#) and [8-inch widespread lavatory faucets](#), plus a [bathtub faucet and shower head set](#). A comprehensive line of coordinating accessories complements these faucets.

New from American Standard, the Kirkdale widespread lavatory faucet offers classic styling and easy installation with the exclusive Speed Connect system, which allows the pre-assembled handles to be easily dropped in from the top – a bonus for do-it-yourselfers and professional installers alike.

- more -

The Kirkdale lavatory models, like all American Standard bathroom faucets, deliver water savings without sacrificing performance. Using only 1.2 gallons per minute (gpm), Kirkdale bathroom sink faucets deliver a strong water flow rate while providing more than 45 percent water savings over standard 2.2 gpm models. These faucets meet stringent WaterSense-certification criteria from the U.S. Environmental Protection Agency (EPA). The Kirkdale shower head is also WaterSense-certified, offering a flow rate of 2.0 gpm, which represents a 20 percent water savings over conventional 2.5 gpm shower head models.

Distinguished by elegant shapes and smooth curves, the new Kirkdale faucet collection from American Standard offers superb performance and a choice of legacy bronze and brushed nickel finishes to suit various bathroom decors. Complementing the Kirkdale assortment is the Retrospect pedestal sink, Esteem VorMax toilet and Ovation curved tub.

The Kirkdale [accessory collection](#) includes a robe hook, towel ring, toilet paper holder and 18-inch and 24-inch towel bars, making it effortless to create a well-coordinated bathroom space.

- more -

To provide simple installation, [Kirkdale widespread sink faucets](#) feature the exclusive American Standard Speed Connect Installation System, which allows the pre-assembled handles to be easily dropped in from the top. Plus, this widespread faucet includes hoses that easily snap together for a water-tight connection. These innovative features are a bonus for do-it-yourselfers and professional installers alike.

The attractive Kirkdale bathtub and shower set includes a large, drenching shower head that provides a refreshing, spa-like bathing experience. The single lever handle, with its pressure balance shower valve, offers smooth, flawless control, while its internal anti-scald valve helps prevent accidental burning from sudden changes in water temperature.

Offering graceful and stately good looks, the new Kirkdale center-set lavatory faucet from American Standard offers a water-saving flow rate of 1.2 gallons per minute (gpm) without sacrificing performance.

A highlight of the new American Standard Kirkdale bathtub and shower set is the large-face shower head that delivers a drenching, relaxing spray for bathers. A coordinating pressure balance shower valve provides smooth operation and anti-scald protection.

This elegant collection is available in two stylish finishes: brushed nickel and legacy bronze. These lustrous finishes are manufactured right into the body of the faucet for lasting beauty that is tarnish, scratch and corrosion-resistant.

For a complete bath suite, the [Kirkdale bath faucet and accessories collection](#) can be beautifully complemented by the stately American Standard [Retrospect pedestal sink](#), [Esteem VorMax high-efficiency toilet](#), and lovely [Saver curved bathtub](#).

Featuring sturdy metal bodies and mounting hardware for durability, these Kirkdale faucets are equipped with ceramic disc valves to ensure smooth handle operation and valve control for a lifetime of drip-free performance.

The line's ADA-compliant lever handles are convenient and comfortable to use by family members and guests of all ages and mobility. The complete collection is protected by a limited lifetime warranty on function and finish.

Kirkdale lavatory and shower faucets range in price from \$84 to \$179, depending on style and finish. The matching accessory collection is priced at \$19 to \$33. This collection is available at Lowe's nationwide.
