

FOR IMMEDIATE RELEASE

Avery Touchless Kitchen Faucet Delivers Unmatched Versatility in Design and Performance

Transitionally Styled Pull-Down Collection from American Standard Includes Hands-Free Electronic Model, Plus Manual Sink Model and Bar Faucet

PISCATAWAY, N.J. (November 15, 2017) – Highlighting a fluent bottle-shaped design and superb performance, the new [Avery pull-down kitchen faucet collection](#) from American Standard showcases a high-arc, hands-free Selectronic model that offers the unique option of switching to manual operation for optimum user flexibility. This new assortment — showcasing sophisticated, up-to-date styling — also includes a hand-operated, high-arc pull-down kitchen faucet and lower profile pull-down bar faucet.

Delivering effortless wave-on/wave-off functionality, the [Avery Selectronic kitchen faucet](#) helps reduce the risk of cross-contamination in food preparation with its exclusive technology that provides dependable, touchless operation. It also offers the unique option of switching to manual operation of the faucet by simply closing the sliding door on the faucet spout to cover the built-in sensor. The manual operation option provides flexibility to suit the user's preference and comfort level, allowing less familiar guests to operate the faucet manually.

All three models feature a 2-function spray, with a choice of stream and spray patterns, that automatically reverts to stream when faucet is turned off. The convenient pause button is useful for filling containers and pots outside the sink.

Offering shapely, transitional design lines, the new Avery range of kitchen and bar faucets from American Standard includes a touchless high-arc model that helps reduce the risk of cross-contamination in food preparation.

These Avery pull-down faucet models offer reliable performance from the brand-exclusive Re-Trax docking system that provides superior spray head retraction, along with a temperature

New from American Standard, the Avery Selectronic kitchen faucet showcases sleek styling and touchless operation for optimum functionality.

memory setting that allows the water to be turned off in any position and turned back on at the same temperature. Ceramic disc valves provide a lifetime of worry-free, drip-free performance.

For design flexibility, these kitchen faucets are available in two attractive, long-lasting finishes: polished chrome and stainless steel. Built for lasting beauty, these Avery faucets feature brass and metal construction and include pre-attached, color-coded supply lines for easy installation.

The new Avery collection is available at kitchen and bath showrooms nationwide. List prices range from \$350 to \$700.
